

TORNADO IN IOWA TAKES TOLL OF LIVES AND DOES GREAT PROPERTY DAMAGE

Three Killed at Boone and Three at Newton—Hundreds of People Hurt--Destruction to Property Estimated at More Than \$1,000,000.

DES MOINES, Ia., May 21.—Tornadoes which swept the central portions of Iowa this afternoon resulted in the death of at least six persons and the injury of scores of others according to reports reaching here tonight.

Property damage estimated at more than \$1,000,000 was wrought by the storm. According to reports three persons were killed at Boone and at Newton. Reports from Boone said the tornado swept across the entire county from southwest to northeast leveling farm buildings, killing livestock and inflicting heavy damage on growing crops. Fifty residences in Boone were razed and the Iowa division shops of the Chicago & Northwestern railway virtually were demolished. The victims met death for the most part in the ruins of their homes.

Calls for aid were sent to nearby towns. Estimates of the damage in the city of Boone varied from \$200,000 to \$500,000. At Newton, two persons were killed and half a dozen injured when the storm wrecked a factory. Trees were uprooted, buildings unroofed and in rural districts crops were ruined. One man was killed and two severely injured near Denison, according to reports from there. Half a dozen other tornadoes of great magnitude were reported.

Boone, Iowa, May 21.—Three persons were killed, fifty to a hundred injured and property damage estimated at between \$500,000 and \$1,000,000 wrought by a tornado which swept this city tonight. Calls from physicians and nurses to care for the injured have been sent to Ames, Des Moines and other nearby cities.

The tornado swept across Boone county from the southwest to the northeast corner leveling farm buildings and doing great damage to growing crops. Fifty residences in Boone were razed and the Iowa division shops of the Chicago & Northwestern railway virtually demolished. The victims met death, for the most part in the ruins of their homes.

Lines of communication were destroyed as far east as Marshalltown and it was impossible to confirm reports that other towns in this section had suffered from the tornado also.

Early estimates of the damage to the city of Boone tonight varied from \$200,000 to \$500,000 while fragmentary reports from rural districts placed the damage there at close to a million.

Two Dead at Newton. Newton, Iowa, May 21.—Two persons are dead and six or more seriously injured, some dangerously and others in a critical condition, as a result of a tornado which struck this city tonight. The damage is estimated at upwards of \$200,000.

The storm, according to reports, struck the town from the southwest and went thru to the north-west missing the main part of the city and dipping down in the railroad yards and a portion of a residence district. Lines of communication were destroyed as far east as Marshalltown and railroad reports are said to have been done to other towns in that section. Efforts to communicate

INSIDE I. W. W. HISTORY REVEALED AT TRIAL

Organization Wrought Ruin in California By Practice of Sabotage Several Years Ago.

(By Associated Press) Chicago, May 21.—Inside history of the ruin wrought by the Industrial Workers of the World in the hop fields and fruit orchards of California by the practice of sabotage several years ago in an effort to obtain the release from prison of Richard Ford and Herman Sahr, members of the organization convicted on a charge of murder and sentenced to life imprisonment was revealed today at the trial of 112 I. W. W. leaders. The government attorneys read a number of letters written by Charles L. Lambert of Sacramento, Cal., who was secretary of the Hop Pickers Defense committee in 1914 and later elected a member of the general executive board of the I. W. W. He was one of the leaders who directed the unsuccessful fight conducted by the organization in California in the hope that the governor might be influenced to pardon Ford and Sahr.

According to Lambert the I. W. W. campaign of sabotage resulted in the destruction of property valued at \$19,000,000 annually for several years. In a letter written to Governor Childs, treasurer of the Joe Hill defense fund, Lambert under date of August 4, 1915, said:

"There is no little justice toward our class that we will have to change our tactics and in the future when one of our class is murdered in the interest of capitalism, two of theirs should be murdered in the interest of labor and then the authorities will have more respect for us."

In another letter he expressed the opinion that more could be gained by sabotage in one week than in a generation by the "imperial valley route." Lambert wrote Richard Flood who is in prison in June 1915, that "Big Bill" (Haywood) was up before the industrial relations commission in the east lately and handed them a package they will not forget in a hurry. The chairman of the commission is sure is a dandy too. He is doing more to bring about a state of unrest among the workers than all the soap boxers and other reformers could do in twenty years."

RAIL HEADS RELIEVED OF ACTIVE DUTY

McAdoo Will Appoint Federal Director for Each Railroad

(By Associated Press) WASHINGTON, May 21.—Every railroad president in the United States was relieved from active duty as executive manager of his road today by Director-General McAdoo, who will appoint a federal director for each road responsible only to the railroad administration. In many cases the president of the road may be named federal director to safeguard the interests of stockholders and maintain the individuality of each railway. Federal directors whenever possible will be appointed from the operating officers of the property the director-general announced. This will avoid disrupting any road's working organization unnecessarily. As another step in the reorganization of railroad management the director-general ordered the creation of two new operating districts—the Allegheny region, consisting of the principal trunk lines east of Pittsburgh, excluding the New York Central managed by C. H. Markham, now regional director for the south and the Potomac district, consisting of the east and west trunk lines terminating at Hampton Roads.

Huntington Removed. The first act of the director-general today in executing this new policy was the removal of C. W. Huntington, president of the Virginian Railway as chief operating officer on the charge that he failed to carry out promptly the railroad administration's instructions regarding the repair and maintenance of his line. This was thought to be the forerunner of the disposition of a number of other railroad presidents but announcement of the plan for wholesale replacement of railway presidents by federal directors came as a general surprise at this time.

GET EVIDENCE AGAINST SINN FEIN LEADERS

Government Agents Active in Uncovering Conspiracies

WASHINGTON, May 21.—Disclosure today that the government has gathered evidence in this country of conspiracies between Irish Sinn Fein leaders and German agents to precipitate a rebellion in Ireland was followed by announcement that government agents have uncovered similar German intrigue with other nationalist groups in the United States.

German money it was said has been used to finance agitation among negroes and among Finns, Lithuanians and other "so-called nationalities," which for years have had nationalist grievances against Russia or other anti-German allies. In most cases this propaganda has been carried on by Americans affiliated with these groups, paid from some mysterious source believed to be the German government.

Except among the radical Irish agitators, however, the propaganda did not appear to make much headway. For many months it is now revealed United States government agents have been inside the councils of the Irish in this country who plotted armed insurrection of Irish citizens against British rule and have discovered conclusive evidence that German money and promises of aid stimulated the conspiracies as a means of diverting the British government from its war task in France. Direct action to stop the intrigue was thought not advisable inasmuch as the government did not wish to meddle in domestic problems of the British empire but the information gathered was turned over in some cases to British representatives and it is understood that the recent arrest of a number of Irish Sinn Fein leaders was prompted by evidence of German Irish plots discovered in this country.

Full details of the evidence were not made public it was explained because a number of persons still are under surveillance. Some announcement of the reasons for arrest of the Irish agitators is expected soon however, either in London or Washington. Officials today declined to indicate whether any statement might be expected from the state department concerning the Irish developments. The story of how the intrigue in this country was discovered, it was said, if published fully would tell of many communications brought into the United States in violation of regulations. Many of these were written with invisible ink and in code and when deciphered, furnished clues leading to detection of many

ARE YOU GIVING YOUR SHARE?

The Red Cross campaign committee was not discouraged by the subscriptions reported for Jacksonville yesterday, but frankly speaking, the total of subscriptions, \$9,023.20, did not measure up to expectations.

The allotment for the City of Jacksonville is \$23,697, and it is the committee's well grounded hope that this sum will be largely exceeded.

However, it will not be exceeded unless a greater liberality in subscriptions is shown. There must become \$500, \$300 and \$200 subscriptions to make up the required sum. True, it is the purpose of this campaign to include all individuals. Subscriptions are desired from everybody but an inspection of the pledge cards last night shows conclusively that many people either do not realize the imperative of the Red Cross demand or are not giving in accordance with their means.

Think of Franklin, with a quota of \$1,610 and a subscription already raised of \$3,341.06, and Alexander with a quota of \$1,546 and subscriptions of \$3,300. By comparison with these records the Jacksonville showing Tuesday is not a cause for special local pride.

It's going to take dollars to win this war. It's going to take dollars to put sunshine into the lives of our soldiers and sailors. Will you do your part? That is the only question you need answer today.

750,000 WILL BE OBTAINABLE THRU REGISTRATION

Number of Youths To Register June 5 Estimated by Crowder

(By Associated Press) WASHINGTON, May 21.—Estimates today by Major-General Crowder, provost marshal general, indicate that probably three-quarters of a million men will be obtained for the army by the registration of June 5 of all youths who have attained twenty-one years of age since June 5, last.

Fully a million youths, according to General Crowder's estimate, will be registered. At least one-fourth of them, he thinks, will be exempted on various grounds. A statement by Secretary Baker today giving the estimate and outlining plans for the draft reads: "Probably three quarters of a million men will be added to the American army in the making of the registration on June 5 next of all boys who have reached the age of 21 since June 5, 1917 or who will be 21 on or before June 5, 1918. The estimate was made today by Provost-General Crowder."

Hundreds of Morgan County Boys

Before the summer passes hundreds of Morgan county boys will be in France. Your boy will your neighbor's boy will be there.

Read what the Red Cross has done in France to prepare for their coming:

Established twenty dispensaries in the American Army zone to improve health conditions in that section before the coming of American troops. Secured and operate 400 motor car vehicles for the distribution of supplies. Organized a nurse's service for American army use.

Established infirmaries and rest stations along all routes followed by the American troops.

Built canteens for use of French and American soldiers at the front, also at railroad junctions and in Paris.

Established a hospital distributing service that supplies 3,423 French military hospitals and a surgical service that supplies 2,000.

Opened a children's refuge hospital in the war zone and established a medical center and traveling dispensary to accommodate 1,250 children in the reconquered sections of France. Fifty thousand children thruout France are being cared for in some measure by the Red Cross.

LA FOLLETTE DECLARES CHARGE IS BASELESS

Senator's Attorney Appears Before Senate Privileges and Elections Committee.

(By Associated Press) Washington, May 21.—The charge of the Minnesota public safety commission that his speech delivered at St. Paul eight months ago was seditious and disloyal and declared baseless today by Senator LaFollette of Wisconsin thru counsel, before the senate privileges and elections committee.

Gilbert E. Roe, the senator's attorney asserted that the speech was highly patriotic and came clearly within the rights of the senator to make. He said press reports and the transcript furnished by the Minnesota commission were garbled. "It is no doubt true that the sentiments expressed in the speech are displeasing to many persons and many interests," he added, "but the charge that it contains anything disloyal or seditious or anything that a United States senator or for that matter any citizen might not properly say is grotesquely absurd."

Among the statements in the speech the accuracy of which has been questioned, was one declaring that Secretary Bryan had warned President Wilson that the Lusitania before sailing on her last trip carried explosives and had suggested that passengers should not be allowed to sail on her. Mr. Bryan has denied the statement. A brief submitted by Mr. Roe reiterated it and said if its accuracy is questioned, the senator would be glad to "submit detailed proof of the facts."

No senator, the brief says, has "ever been attacked and assailed by a war party and a war-made press as Senator LaFollette had been attacked even prior to the St. Paul speech."

WOUNDED AND PRISONERS

With The American Army In France, May 21.—By The Associated Press—Captain James Norman Hall of Colfax, Iowa, who has been missing since May 7, is wounded and a prisoner in a German hospital. Captain Hall who is attached to the Aviation Corps, disappeared after an aerial engagement over the German lines.

ANOTHER AUSTRIAN DRIVE IS IMPENDING

WASHINGTON, May 21.—Further evidence that another German drive is impending against Italy came today in an official despatch from Switzerland. It is said that there have been many desertions from the Turkish garrisons in towns along the Asia Minor coast, Japan and China have come to an understanding relative to the carrying out of joint military operations in Siberia. It was announced some time ago that these operations would be directed only to insure the security of each country's interests in Manchuria, Mongolia and the Far East.

A report from Athens states that Turkish troops in Asia Minor have mutined and that a force sufficient to quell the disorder has been ordered from Switzerland. Entente Allies Attack Enemy Along Western Front and Maintain Mastery of Air—Teutons are Pushed Back in Four Sections.

(By Associated Press) Striking viciously at the enemy at various points along the western front, meeting each outburst of German artillery with a thunder of cannon fire and maintaining the mastery of the air in every sector from the North Sea to the Swiss frontier, the armies of the entente allies are preventing the Teutonic armies from quietly perfecting their preparations for coming battles. With the knowledge that the passing of each day brings new American legions to help crush the next German offensive the allies are finding satisfaction in the fact that the Germans have as yet been unable to launch a new blow in the struggle which Berlin had expected to be the decisive one of the war. For the most part the Germans have shown but little of their habitual fighting spirit along the line in France. They have been thrust back in four sectors and the allies have taken ground which will be of great importance in the future. The Germans have counter-attacked in only one instance and this movement was carried out slowly and with such a lack of dash that it was easily broken up before the Teutons reached the new allied positions.

The attacks by the French, near Lore on the northern side of the Lys salient and of the Australians before Amiens, which have already been reported now appear to have been more successful than was at first understood. Near Lore the French have not only taken strongly fortified points but have made their lines on each side of Hill 44.

Australians too, have won ground which is of tactical importance along the Amiens sector. The French have again engaged in raiding operations near Lassigny on the flank of the German line as it stands since the advance towards Amiens. On the American front there has been the usual lively exchange of artillery fire but no infantry fighting has occurred. The same is true of the situation in the Italian theater.

A report from Athens states that Turkish troops in Asia Minor have mutined and that a force sufficient to quell the disorder has been ordered from Switzerland. It is said that there have been many desertions from the Turkish garrisons in towns along the Asia Minor coast, Japan and China have come to an understanding relative to the carrying out of joint military operations in Siberia. One would expect the native of an island to be the conservative element, but it was not so in Nantucket. The islanders on infrequent trips to "America" had seen automobiles, and some had ridden them. A few heretical natives decided that the hated "wagons of rath" were not so objectionable after all, and a movement was

either France or England, you may send us New York funds with the names of the beneficiaries, and we shall credit our London or Paris office with the amount so remitted, with instructions to hold the funds at the disposal of the designated parties. The same method is followed in the case of either individuals or companies. Upon proper identification our officers abroad will deliver the funds to the persons designated. There is no commission charge for mail transfers of funds or payments thereof to the members of our forces.

"It affords us pleasure to inform you of the method which we have followed for the purpose of enabling the officers and men of the American expeditionary forces to be supplied with funds in England and in France. The officers and men of the line instruct their home banks or the United States quartermaster to remit to us what ever funds they desire transferred to Europe. After obtaining special signature cards from the officers, we then remit these funds to be placed to their credit at our London or Paris office. A receipt which we give in duplicate for the initial deposits would serve as a means of identification upon their arrival at Paris, or upon their making an application to our Paris office should our advice arrive late. The men, upon their arrival in England or France, notify our office whether they require the funds to be remitted to them in currency, or whether they desire to have a checking account opened in their favor."

The service means that the depositor can have, while he is abroad, practically the same advantages of a checking account that he enjoys when at home.

RIPPLING RHYMS
By Walt Mason

Four Years Ago.
Four years ago the red god Mars was resting drowsy, on his throne; and so we talked of choo-choo cars, and small beep-beep cars, and small beep-beep cars. The neighbors used to come at night and talk with me of many things; and we would whoop around and light o'er cabbages and cats and kings. But since the war flags were unfurled and battle eagles raised their scream, it seems we're in another world; the old time planet was a dream. The country clubs are drear and bare, no giggles from their porches rise; the girls no longer gather there, to see who gets the booby prize. And men have learned to think grave thoughts, and let the beer and skittles go; to plan how they may hand some swats, by sacrifices, to the foe.

EXEMPTION BOARD NEWS

Charles H. Cooper was indicted into the service yesterday by the local board of Morgan county and left on a midnight train for Chicago. He is enroute to Camp Meade, Md., and was inducted by the board here on behalf of the board at Linton, North Dakota. He is a locomotive fireman who volunteered for service. Two new names were added Tuesday by the local board to the list of men who will leave Saturday for Camp Shelby, Hattiesburg, Miss. They are John B. Manning and Harry Skiriff, both of Ashland.

Farewell Program
Thursday morning at 8:15 o'clock a. m. a farewell program to the men leaving for Jefferson Barracks will be held, similar to those held on previous occasions. The program will open with prayer by Rev. F. B. Madden. The principal address will then be made by Hon. John J. Reeve. Dr. Black will then make a few remarks to the men along the line of importance of keeping physically fit. Another member of the exemption board will deliver the charge to the men. Being of the Liberty band there will be other musical numbers on the program. The men leave over the Chicago & Alton at 9:45 o'clock and it is hoped that a large delegation of Grand Army veterans and other interested citizens will be in attendance at the opera house and at the station.

DEATHS
Hackman.
William Hackman passed away at his home 530 South Clay avenue, at 9:30 o'clock Tuesday morning after an illness of several months duration. He had been in failing health for some time, and the latter part of March was stricken with pneumonia. For a time he improved and seemed to be on the road to recovery, but his weakened system was unable to resist the effects of the disease, and he gradually declined until the end.

Mr. Hackman was one of the older residents of this city, having resided here for over fifty years. He was born Nov. 15, 1839, on a farm near Aronville, where he spent his boyhood days, and received his early education in the country schools. Later he studied at Illinois college intending to take a medical course. Thwarted in this ambition, he entered the grocery business, in which he was engaged for many years on the south east corner of the square.

March 29, 1866 he was united in marriage to Miss Katherine Weis. They were the parents of seven children, one son and two daughters dying in childhood, and another son, Earle, passed away six years ago.

Mr. Hackman was courteous in manner and conscientiously tried to do to others as he would have them do to him. He was energetic and ambitious to be up and doing and even in his last illness displayed remarkable courage.

Always a great reader, he took a keen interest in the affairs of the day as long as strength would permit.

The wife, and three daughters, Viola, Edith and Anna survive, also two sisters Mrs. Caroline Dault and Miss Eliza Hackman. Funeral services will be conducted from the home at 10 o'clock Thursday. Interment will be in Diamond Grove Cemetery.

MORTUARY
Munis.
John F. Munis has received word of the death of his son's wife, Mrs. Frank P. Munis who died at her home in Keokuk, Iowa recently, after a lingering illness. Her maiden name was May Hackman and she was born in Keokuk, Sept. 29, 1879 and has lived there all her life. She was educated at St. Mary's school. She was married to Frank P. Munis, June 9, 1915. She was a member of St. Mary's Catholic church and belonged also to the Royal Neighbors, and Knights and Ladies of Security.

She is survived by her husband and one son, Stephen W. Davenport, by a former marriage, also two sisters, Mrs. Ida Voss and Mrs. Bert Blodgett, both of Keokuk and one brother, J. J. Hageman.

The funeral was conducted at St. Mary's Catholic church and among those attending from a distance were Mrs. Verna Humes, Mr. and Mrs. Earl Munis, Mrs. M. M. Collins, Miss Irene Looker and John F. Munis, all from Jacksonville.

DIES OF APOPLEXY

FUNERAL NOTICE.
Funeral services for Mrs. Stephen Guinane will be held at 10:30 o'clock this morning at St. Mark's Catholic church Winchester, in charge of Father Bell.

STREET CAR MEN THREATEN STRIKE
Stated Last Night That They Would Not Take Cars Out This Morning—General Manager E. H. Gray Said Demand Was Made Late Tuesday Evening—Believes Differences Will Be Adjusted.

Don't be disappointed if you go out to take your regular car to work this morning and it fails to come along.

W. H. Thompson a motorman for the street railway company stated late Tuesday night that the motormen, fifteen in number had voted unanimously to go on strike this morning.

To a Journal reporter Mr. Thompson said that a conference had been held with General Manager Gray and Charles Deffer, superintendent of the street railway company Tuesday. The men at this conference asked for an increase from \$2.25 and \$2.35 to \$3 per day.

According to Thompson this increase was asked in view of the fact that the company had asked, and had been given permission by the utility commission, to increase car fares from five cents to six cents. The new fare went into effect Tuesday morning.

General Manager Gray was communicated with over the telephone early this (Wednesday) morning. Mr. Gray said that some time ago the men had petitioned for an increase in wages. At that time he had advised them to wait until the new rate became effective, and then present their request and it would be taken up with H. E. Chubbuck, vice president executive.

About 11:30 o'clock Tuesday night Mr. Gray said that he was called up on the telephone by an employee Erza New who stated that the men would walk out Wednesday morning unless given an increase to \$3 per day. Mr. Gray said he had advised them to give the matter careful consideration before taking such radical action. He was of the opinion that the matter would be adjusted today without serious disarrangements of the service.

CARROLLTON PEOPLE ENTER PROTEST
James McNabb, mayor, and F. L. McKnight, attorney of Carrollton were in Jacksonville last night enroute to their home from Springfield. They had been at the capital city to appear before the state utility commission and enter protest against the proposed discontinuance of service of the heating plant proposed by the Central Illinois Public Service corporation at Carrollton. The company maintains that the business is operating at a loss. The city officials presented some evidence and asked for a further hearing to present additional evidence why the company should continue operations.

To help strengthen her frame and put color into her cheeks

"There are no beautiful, healthy, rosy-cheeked women without iron. The trouble in the past has been that when women needed iron they got ordinary iron pills, which often corroded the stomach and did more harm than good. I always insist that my patients take only organic iron—Nuxated Iron. This particular form of iron is easily assimilated, does not blacken nor injure the teeth nor hurt the stomach. It will increase the strength and endurance of weak, nervous, irritable, careworn, haggard-looking women in two weeks time in many instances. I have used it in my own practice with most surprising results."—Ferdinand King, M.D.

NOTE: NUXATED IRON recommended by Dr. Ferdinand King can be found in all good drug stores. It is guaranteed to be of the highest quality and all good druggists.

A HANDSOME COMPLIMENT

The Times-Herald in Lorraine, Ohio, pays high tribute to a remarkable collection of Red Cross posters, 92 in number, made by pupils of the grade schools of that place. They were made in the regular course of instruction under the direction of Miss Mildred Brown, teacher of art, and daughter of Mr. and Mrs. J. P. Brown, music store proprietors, of this city.

The article goes on to say that the 92 specimens are only a small part of the work of the schools of the place. The posters show clever designs for ideas in advertising Red Cross contributions, Thrift Savings Stamps, food saving and other timely topics. They were admired by hundreds who were in their praise of pupils and teacher.

POINTS OUT NEED OF HOME SERVICE WORK

Convention Speaker Asserts Greatest Opportunity Lies In Conserving Human Resources In Families of Men at Front.

Kansas City, Mo., May 21.—

"The tie that binds" was the characterization of the Home Service work of the American Red Cross by W. Frank Persons, Director General of Civilian Relief of the Red Cross at tonight's general session here of the National Conference of Social Work.

Several hundred out of town delegates and hundreds of volunteer Red Cross workers of Kansas City attended the general session to hear Mr. Persons, who has just returned from an inspection of Red Cross construction work in France and Belgium.

"Men may be the best soldiers in the world, but if things are not well with their families at home they lose efficiency through worry, and the morale of the army that all-important factor—begins to fail," said Mr. Persons, "So it is the patriotic duty, as well as the humanitarian opportunity, of Home Service workers of the American Red Cross to care for the lonely families of our fighting men. They must be encouraged to 'carry on' without faltering. Their families must not be allowed to bear personal privation and thus double the willing sacrifices they have made."

The Real Talks.

"Home Service is not relief in the sense of money payments or doles of food or clothing, though such assistance may be necessary even to the families of soldiers and sailors. The War Risk Insurance Law has placed the responsibility for financial aid in large measure upon the government, where it justly belongs. Home Service is now able to turn its full power upon its own real task."

"The greatest opportunity of Home Service lies in conserving human resources in the families left behind by men at the front. The majority of these families are in position to maintain good standards of health, education, industry, and family solidarity without side help. A considerable minority on the other hand, find their powers of self helpfulness strained by lack of opportunity, by ill health, or by the sudden changes in their way of living brought about directly by war conditions. In no instance must the standards and ideals of home life be lowered."

"The second opportunity for Home Service, for which the Government, in the very nature of things cannot make provision, is relief in emergencies—such as temporary financial aid while legal claims are being adjusted, or when the government allowance is delayed. The chief requirement here is promptness. This kind of service has not been a heavy burden."

An Increasing Opportunity

"The third opportunity, like the first will be not only a continuing but an increasing one. It is the giving of regular allowances, when needed, to those who have no legal claim to the federal allowances but a moral claim to Red Cross interest, owing to the fact that they have been accustomed to depend upon men now in the service."

"Another large group, who have no claim on the United States Government but who have been formally accepted by the Red Cross as a special responsibility, are the families residing in the United States of men who are in the armies or navies of our allies. This is no small matter. On Manhattan Island alone there are many hundreds of these families."

The fourth opportunity for Home Service will increase in importance with each month that our forces are engaged in actual warfare. It relates to the returning soldier or sailor, more especially when he returns disabled. Whatever can be done through special hospital and institutional treatment will be done by the government, supplemented so far as may be appropriate by the Red Cross and by other agencies. The supremely important thing is the prevention of permanent disability. In this, many forces must co-operate."

Bureau of Information.

"The fifth opportunity for Home Service lies in the desire of relatives of enlisted men for information of many kinds. Already this service is advising how mail should be addressed to soldiers and sailors; how information may be obtained concerning those sick, wounded or missing; and what the War Risk Insurance Law means."

"Finally a sixth opportunity for Home Service is to help families keep pace in ambition and achievement, with the man who is surrounded, often, with new chances for education and advancement. Men who have had but limited opportunities are suddenly obliged to travel, to accept mental as well as military discipline, and to associate with men such as they have never met before. For example, one Home Service Section is caring for the large family of a naturalized citizen who enlisted as a private but who is already top sergeant. He has made good in remarkable fashion. If he should return home to find his family in the same forlorn home life in which he left them, he would most surely be disappointed. So the Home Service worker has helped the family to better quarters and the wife and children have advantages which will insure a home life worthy of the soldier's ideals when he comes back."

LOCAL OPTION SPEAKER AT LITERBERRY SUNDAY

Red Cross Meeting Postponed Because of Bad Weather—Other Literberry News.

Literberry, May 21.—There will be some speakers on local option at the Baptist church next Sunday night.

The Red Cross meeting that was announced for last Sunday night at the Christian church, was called off on account of the rain.

Clarice Loren, baby of Mrs. and Mrs. George Decker, fell from the porch at her home Friday night and broke her left arm, knocking off the elbow cap. Dr. Obermeyer was called and made the little one as comfortable as possible.

Mrs. John Guy of Peoria boulevard fell down the hall stairs, at her home on Wednesday and injured her arm and shoulder.

Isaac Reeves of southeast of Jacksonville, traveled down to Knoxville, Tenn., a few weeks ago, and brought a bride home. He came up to Literberry last Friday bringing his bride along, and they were guests of the Scribners a few days.

The Baptist Sunday school had some very pretty classes on Sunday morning. Miss Anna Dinwiddie of Walnut Grove farm sang "After the War." Miss Eleanor Guy recited a good selection, and Mrs. Earl Rexroat read an interesting piece on the subject of home and mother. 86 persons answered the roll call, and we counted 4 visitors. We had the pleasure of hearing Warren Daniels, child preach a good sermon Sunday morning from the text "What is Truth?" John 18-37. This was at Union church in Cass county, and we also took part in a good Sunday school at the same service. The superintendent is Mr. Greeley.

Word has been received of the death of Isaac Houston at his home in Calhoun, Missouri, Friday morning the 17th. Mr. Houston was born and raised near Jacksonville, and married Miss Anna Cowdin of Joy Prairie, Miss. Houston and children have the sincere sympathy of Illinois friends.

The second Red Cross war drive commenced Monday. Mr. Tal Crum and Mr. Warren Daniels taking Literberry for their territory, and from the looks of the roll of checks we saw, we think they were doing good business.

Mrs. Richard McConnell and Mrs. Sarah Rohrer were guests at the home of Mr. and Mrs. W. B. Rogers on West College avenue yesterday.

Misses Stella and Edith Helton of Galesburg were among those having business in the city Tuesday.

GRACE LUSK MAY GIVE HER VERSION OF STORY TODAY

(Continued from Page 1)

all of this has happened and yet I had rather have had this experience, painful as it has been, than to have gone thru life without knowing what love can mean. I can't honestly believe I have been sinful. The only treason has been in not telling Mrs. R. I always wanted to but he was afraid. Oh, well, it will soon be over."

Another letter which was marked "open in case of accident" only gave directions for her funeral which she desired to be without much fuss."

Dr. Roberts was recalled to the witness stand by the defense early in the session to answer a series of questions, regarding the defendant's mental condition. He testified that she appeared normal except when she was angry when she occasionally lost control of herself.

In the afternoon the defense introduced several character witnesses who testified to the high regard in which Miss Lusk was held.

Miss Lusk appeared on the verge of collapse several times during the session, at one time she buried her head on the breast of her brother, Cleveland Lusk while her shoulders shook with sobs.

Dr. Roberts sat thruout the day scarcely a score of feet from Miss Lusk after he had finished his testimony.

Delivers Final Blow
Dr. David Roberts, recalled to the witness stand for probably the last time, today delivered a final blow at the defense of Grace Lusk, on trial charged with the murder of his wife.

As to Miss Lusk's mental condition, he said he had not observed anything unusual about it. "Did you consider her perfectly normal?" he was asked. "I considered her mentally normal except when she was angry," he replied.

To get the best of all Corn Foods, order **POST TOASTIES** Sweet, Crisp, Ready-To-Eat

"Did her anger cause her to lose control of herself?" "Yes, I believe it did at times." "Did she ever express anger at Mrs. Roberts?" "I think that she did."

Morris S. Tuller, district attorney, called to the stand as a witness by the state, testified that he saw Miss Lusk at the hospital shortly after the tragedy and asked her why she had shot Mrs. Roberts.

"Because she called me such awful names," the witness said she told him. "Then she added 'I can see why I shot Mrs. Roberts but I cannot see why I did it so deliberately.'"

According to Mr. Tuller, she admitted her relations with Dr. Roberts.

On Verge of Collapse
With Grace Lusk on the verge of collapse in anticipation of her coming ordeal on the witness stand at her trial for the slaying of Mrs. Mary Newman Roberts, the prosecution today prepared to rest its case.

During the three days she has listened to Dr. David Roberts testify that she had pursued him for months with threats of death, seeking to separate him from Mrs. Roberts so that she might marry him, her spells of weeping have become more and more frequent. Toward the end of the cross examination of Dr. Roberts, who was forced into the most intimate details of his meetings with the defendant she sat most of the time sobbing with her head buried in her arms.

When yesterday's session closed there were flushes on the faces of the women present, and Miss Lusk collapsed in her father's arms in the judge's chambers. Judge Lueck asked State Attorney Hoyne to take legal action against Dr. Roberts on the strength of the latter's testimony regarding illicit meetings with Miss Lusk at Chicago.

750,000 WILL BE OBTAINABLE THRU REGISTRATION

(Continued from Page 1)

er who will direct the registration.

"General Crowder's estimate was based on the fact that almost ten million men registered last year. This number included all between 21 and 31. Statistics collected by General Crowder's officers show that a little more than ten per cent of these men were under 21 years old. On that basis it is estimated by draft officials working under General Crowder that this year's registration will exceed 1,000,000."

"Of this number General Crowder estimates three quarters, or about 750,000 will be available for military service. This makes proper allowances for physical defects, exemptions because of dependents and other bars to military service."

"Under resident Wilson's proclamation all male persons citizens or aliens, must register. The only persons excepted are officers and enlisted men of the regular army, navy and marine corps and the National Guard and naval militia while in federal service, and officers of the officers reserve corps and enlisted men in the enlisted reserve corps while in active service."

"General Crowder plans to have the local boards keep their offices open for registration purposes between 7 a. m. and 9 p. m. on June 5. Between those hours all young men who were born between June 5, 1896 and June 6, 1897, must register. These men are subject to the provisions of the selective service act which first registration was held."

FLAMES CONTINUE TO RAGE IN PEABODY MINE

Fire in One of Largest Coal Mines in Springfield District May Necessitate Sealing the Shaft.

Springfield, Ill., May 21.—Fire which continues to rage unchecked in the Peabody mine at Nokomis, one of the largest coal mines in this section of the country, may necessitate the sealing of the shaft within the next 48 hours unless some means is devised to stop the blaze. Water which is being poured into the mine thus far seems to be having little effect.

A force of several hundred men, working in shifts of ten minutes, the limit of endurance in the dense clouds of smoke and gas which pour from the mine, has been fighting the fire for four days, under the direction of Thomas English of Springfield, head of the mine rescue station. One of the fire fighters was overcome by gas during the early stages of the fire but recovered without any ill-effects. That the fire had been burning slowly in the mine for the last seven years was disclosed today. Behind heavy walls of concrete erected with the idea of confining the blaze and smothering it, the fire has been smoldering until last week, when the flames burst thru. Atmospheric condition in the mine and the possible chemical action when the deposits of sulphur are the theories advanced in explanation of the outbreak.

The mine, which is controlled by the Theodore Keller company of Chicago, is one of the oldest and most extensive in this country. It has but one main level 650 feet below the surface and the lower parts are in most places built up with concrete. It has been employing a force of 800 men and its average weekly tonnage has been between 1,500 and 2,000 tons.

MRS. STOKES ON TRIAL IN FEDERAL COURT

Facing Charge of Violation of Espionage Law She Takes Witness Stand in Her Own Behalf.

Kansas City, Mo., May 21.—Mrs. Rose Pastor Stokes, on trial in federal court here charged with violation of the espionage law late today took the witness stand in her own behalf and gave the jury her views on Socialism the causes of the war and the reasons for America's entrance. Mrs. Stokes prefaced her testimony by delivering practically the same address she is alleged to have made to the women's dining club here last March. Her remarks at that time, according to the women's dining club here last March. Her remarks at that time, according to federal officials, were partly responsible for her subsequent arrest and indictment.

Court adjourned with Mrs. Stokes still on the stand. She will continue her testimony tomorrow morning.

In her address to the club Mrs. Stokes testified she gave her economic views and denounced capitalism and profited. She declared she was not opposed to America's entry into the war, but that she was opposed to war in general.

"I told them," she said, "that pressure to dispose of surplus products created enmity and strife and that rivalry for markets was the most basic cause for the war."

"No government ever declares war for purely idealistic reasons and America did not do so until a vital interest was affected and the submarines threatened commerce."

Mrs. Stokes denied she had at any time spoken of the Red Cross and of the food and fuel administration as "war camouflage" or had desired that Germany win the war, as charged by the federal authorities. She also denied that she had criticized President Wilson's attitude toward the war. She declared she had subscribed to the Red Cross and had taken liberty bonds of the first and second issues.

A considerable part of Mrs. Stokes' testimony was devoted to sketching her life.

BRITISH CONTINUE LINE IMPROVEMENT

Advance Positions Along Front of 600 Yards—Counter Attack of Enemy Broken up by Artillery Fire.

With the British Army in France, May 21.—Further improvement of the defending line was achieved by the British in their local attack last night just northwest of Merville, where they carried out a successful operation which advanced their position along a front of 600 yards. The effect was to reduce a salient which bulged into their territory. Some prisoners were taken in the engagement. The enemy counter attack, but his effort was broken up by artillery fire.

The opposing forces northeast of Aveluy wood above Albert, have continued to exchange blows in contention for desirable positions. Yesterday morning the Germans obtained a footing at a few places. They have been driven out again entirely. The latest reports concerning the fighting in the Lore sector show that 500 unwounded prisoners were taken and that the casualties of the attackers were slight. In this drive the French re-took Bruloose and the new famous cross roads nearby, as well as several fortified farms which have been the scene of desperate fighting recently. They also pushed their line east of Hill 44, which the pollus retook a few days ago after a bitter encounter.

VON HINDENBURG DEATH RUMOR PERSISTS

WITH THE BRITISH ARMY IN FRANCE, May 21.—(By The Associated Press.)—The rumor that Field Marshal von Hindenburg died recently has become current very recently among the enemy in the back areas, as well as among civilians. What basis, if any, there is for this rumor, is not known here.

According to a London despatch May 13, German prisoners captured in France declared that Field Marshal von Hindenburg was dead. This rumor gained some support by the fact that General von Mackensen, the conqueror of Roumania, was either to be shifted to the western front or had already arrived there to take part in the renewed offensive against the allies.

BANKERS MET AT WHITE HALL

The twelfth annual meeting of Group 8, Illinois Bankers Association, was held at White Hall Tuesday. The presiding officer of the association was Charles A. Johnson of this city and at the morning program he responded to the address of welcome made by Rev. E. C. Lucas, Mr. Johnson, State Auditor Andrew Russell and Homer H. Potter, cashier at the Farrell & Co. bank, were the only Jacksonville men in attendance.

One of the most notable addresses was that given by Hon. Henry R. Rathbone of Chicago, who discussed "War and War Financing." At the business session Edgar E. Crabtree of this city received endorsement for member of the executive council of the American Bankers Association.

PRESS ASSOCIATION TO MEET IN CHAMPAIGN

A meeting of the Illinois Press Association will be held at Champaign Thursday, Friday and Saturday of this week. It will be the fifty second annual gathering of the association and the program as outlined is one of general interest. Mrs. Helen Brown Read of this city is to sing at three of the sessions.

DISCOVER CAUSE OF TROOP TRAIN WRECK

TEXARKANA, Texas, May 21.—The wreck of a northbound St. Louis & Southwestern troop train near Garland, Ark., today with a resultant death of one trainman and the injury of seventeen other persons, twelve of them soldiers, was due to the removal of a "fish plate bolt" which allowed the rails to spread, it was announced tonight by officials of the railroad company. One soldier, Private Oliver C. Shands, of St. Louis, was still missing tonight. It was thought possible his body was under the wreckage, all of which had not been cleared away. The troops were members of the 619th Aerial Squadron.

RAY ANDERSON DIES AT PITTSFIELD

Well Known Attorney and Politician Succumbed to Attack of Acute Indigestion.

Pittsfield, Ill., May 21.—Ray Anderson, well known member of the Pike County bar, died very suddenly at his home here this morning as the result of acute indigestion. Mr. Anderson had not felt well during the night but his condition did not occasion any alarm. About 7 o'clock Tuesday morning he became unconscious and death quickly ensued. He was born in Sumner, Ill., Pike county, in 1874. After attending the schools of his home county he graduated from the law department of Michigan university.

Mr. Anderson had been very successful in his practice and was for a number of years associated with the late Col. A. C. Matthews. He was specially well posted on drainage laws and had been long identified with the legal affairs of the city. He was a member of the Hamilton club of Chicago and had been a member of the Republican State Central committee. He is survived by his wife and two children.

The funeral will be held at Summer Hill Saturday afternoon at 2 o'clock.

BULLETINS

WASHINGTON, May 21.—President Wilson today signed the sedition bill giving the government wide powers to punish disloyal acts and utterances.

WASHINGTON, May 21.—German women in the United States are required to register with the Chiefs of Police or postmasters between June 17 and 26 under regulations issued today by the department of justice.

PARIS, May 21.—At Tennes and Hailles and south of the river Avre, on the Aisne front the artillery on both sides was active last night says the official statement issued today by the war office. French patrols brought in a number of prisoners.

ATHENS, May 21.—Turkish troops at Adlin in Asia Minor, have mutinied. Two thousands soldiers sent from Marmara, twenty miles northeast of Smyrna, to quell the disturbances, have deserted.

BELLEVILLE, Ill., May 21.—Fred Warning, former treasurer of St. Clair county who was indicted here today on a charge of withholding \$91,819 of county funds was unable to furnish a \$8,000 bond and was incarcerated in the county jail. He was ousted from office Dec. 27 last. He made claims for credit that may reduce the amount to \$79,806.

ART TOWARD GOAL IN RED CROSS DRIVE

**ALEXANDER AND FRANKLIN
DUNLAP EXCEEDED TWO HUNDRED PER CENT.**

Jacksonville Total of \$9,042 not far from expectations but today it is a big difference—M. Dunlap's Contribution is \$2,500—More Large Gifts are needed—Sergeant Wayman's Address Stirred Workers.

Well, the Red Cross campaign in Jacksonville began auspiciously today, even if the sum total of contributions reported last night, \$9,042.20 did not measure up to the expectations of the committee. Certainly there was a hurrying about of teamsters and there was plenty of enthusiasm evidenced at the Red Cross headquarters all day. Hundreds of subscription cards were being filled in, proving that the solicitors were busy with their work. There were many subscriptions in accordance with the known financial condition of the subscriber and there were other contributions that were not in accordance with that ability. That was the disappointment in the other contributions that should have been larger, more liberal, more generous to the great call of humanity.

The Largest Subscription, a very generous one of \$2,500 by F. F. Dunlap. Take this from the total and it will be readily seen that the day's receipts were of a marvelous kind. When the ward solicitor approached Mr. Dunlap the \$2,500 subscription was readily given and it would be an incentive for other gifts which are very necessary to make up and exceed the amount for Jacksonville and the county.

In a report that Franklin and Alexander had both raised 200 per cent of their allotment, a broad expanse of smiles lit the campaign managers. The words by these two precincts were it very apparent what Jacksonville must do if she is not surpassed in liberality by other precincts. The Franklin allotment was \$1410 with subscriptions of \$3241.96. The Alexander allotment was \$1546 with subscriptions, all raised last night, amounting to \$3200. Certainly, residents of both of these precincts have real reason for pride.

No Reason for Pessimism.
But then, there is no reason for feeling pessimistic about the Jacksonville situation, the campaign really having been under way here only a part of a day. Today will no doubt tell a different story, no less activity on the part of the workers but greater totals in dollars. The solicitors are not instructed to be dictatorial but they have instructions not to accept minor contributions from persons whom they happen to know are wealthy and fully able to pay liberally.

"If Germany were to win this war," said M. P. Dunlap, "we would be treated just as France has been. I can readily believe that in case of an allied defeat it would be only a short time until the crack regiments of Germany would be sent to our shores for a very debauch of barbarity just as has been carried on over-seas. People must be led to give lavishly—to give in chunks—to this great Red Cross cause. One man, they say, started this war and now twenty-one nations are in an alliance to save democracy."

No Benefits Now.
Mr. Crabtree confined his remarks wholly to the business part of the program. He said that several questions had come up for consideration and that he really wanted the workers to decide. Several persons have offered medals or articles to be auctioned off and others were serious of giving entertainments, the whole proceeds to go forward the Red Cross fund. The chairman said there was no mistake in the good intent of the persons making these suggestions but it was a question as to the best policy.

Some little discussion followed, on motion of H. M. Capps with a second by J. C. Lukeman, there was an unanimous vote that it be the request that no "benefits" of any kind should be given until after Friday night. Rev. W. E. Spoons, in talking upon this motion, expressed the view that none should be given at all until after the entire week was over.

Mr. Crabtree mentioned as an example the case of the young women at the Woman's college who are very willing to repeat the May day pageant as a Red Cross benefit. The motion of M. P. Dunlap was carried that a committee of three be named by the chairman, to receive the suggestions of persons who wish to make gifts or carry out special programs as Red Cross benefits.

Gifts for Headquarters.
Mr. Crabtree referred again to the expenses for the daily luncheons and said that these expenses are very insignificant because people are so generously co-operating. He read receipts from the Jenkinson-Bode Co., Snyder Lee & Fuel Co., W. Haigh and others were mentioned and reference made to free service from the Gravel Springs Co., Snyder Lee & Fuel Co., W. G. Benson, J. F. and Terrance Brennan, C. A. Seiber and "Red Jacksonville's" Railway & Light Co.

Mr. Crabtree had no suggestion about filing information concerning well-to-do people who refuse to aid any war time activity but read the principal points in a letter just received from another county, telling him the name of a wealthy man who had bought no Liberty Bonds and refused to aid in any war activity. The letter was sent by Mr. Crabtree would forward it to the Liberty Loan organization and it will be done.

Dr. F. M. Rule read some well-written and pathetic lines by a girl in France and then without the name told of a contribution of \$100 made during the morning by a young woman whose husband is in the army service on French soil.

Sergeant Wayman spoke for only a few moments in an inspirational way. He told of the splendid organization which made it possible for Toronto, Canada, to raise \$2,000,000 in a few days' time for Red Cross work. He told of a charwoman who was working for \$1.25 a day who gave one month of her army allotment. This woman had given three sons to the service and all of them had lost their lives.

Sacrificing to Give.
Four thousand newsboys in Toronto gave up the money they had saved for the annual outing and secured other contributions to the outgoing fund and then turned over the whole fund to the Red Cross fund. In the hospitals where hundreds of wounded soldiers are convalescing each man gave according to his wounds, and those who had the least serious ones gave the larger sums. The speaker then went on to describe the marvelous system that the British now have in force in caring for the wounded men. So swift is the service that in a comparatively few minutes after a man receives a wound he has had first aid, in less than an hour time he is in a hospital, and every hour for fourteen hours he has the opportunity for refreshment. So perfect and rapid is the service that the British soldier not seriously wounded is able to return to the ranks in less than five weeks' time, one week of that time being devoted entirely to rest. The system is so worked out there is a constant stream of recruits for the lines coming from the convalescents.

"People will give for this fund if they will give to a winning. You here at home ought to get down on your knees and thank God every night that you are not required to be in a country where war is in progress. We used to say that the world is made up of people who give and others who let them give." "It seems," he said, "it is also made up of those who fight and those who let them fight. Have confidence in your success of your cause but be not too optimistic. Let the people you go to see understand that you are offering them the privilege of giving for such it really is."

Lieut. Renard of French Army and J. W. Eastman Will be Speakers—Local People Will Hear Interesting War Facts.

Lieut. Robert Renard will speak at the opera house tonight as part of the Morgan county Red Cross campaign. He is expected to arrive at Jacksonville before noon and will be present at the meeting of workers at the Red Cross headquarters at luncheon.

J. W. Eastman, who accompanies Lieut. Renard, is a platform speaker of wide fame. He is known as humorist, philosopher and lecturer and has been popular for a number of years with theatrical audiences. Recently he has devoted his time to patriotic work and is deeply interested in the Red Cross movement.

Lieut. Renard is one of the French mission sent to this country assigned to service here for a number of months. Prior to the breaking out of the war he was professor of English literature in the lycée at Marseilles. He entered the war service in August, 1914, and was in active service for more than two years. It was for special bravery at Verdun that he was decorated. In Chicago, Springfield and various other Illinois cities where Lieut. Renard and Mr. Eastman have spoken they have been most enthusiastically received.

HAS GOOD SHOWING IN RED CROSS DRIVE

More Than Half Counties in Illinois Send Favorable Reports—Dixon Had Unique Method—Election Booths Opened and All Voters Came to Subscribe.

Chicago, May 21.—(Special to Journal)—Nine Illinois counties went over the top on first day of Red Cross drive and have officially reported to state headquarters as having completed their quotas and paid in cash. They are the following counties: Crawford, Galatin, Jersey, Lawrence, Mercer, Menard, St. Clair and Washburn. Reports from fifty-two other counties showed more than seventy-five per cent subscribed the first day and thirty-four other counties reported more than fifty per cent of allotment.

Complete figures for Chicago showed nearly one million dollars subscribed Monday. Incomplete and unofficial figures indicate Tuesday's subscriptions in excess of million dollar mark. "Illinois is going great. I believe we are going to make good on the eight million," was the statement tonight of Illinois Director, George B. Stadden.

Dixon, county seat of Lee county produced the most effective and successful system yet reported in Illinois Red Cross campaign. Polls were opened Monday in regular election polling places. Notices in newspapers, Red Cross officials were on duty in each election precinct. No soliciting was permitted outside of polling places. Men and women, if they inquired, were told what their estimated subscription was figured. The net result was Dixon, with quota of ten thousand dollars, subscribed fifteen thousand, or one hundred and fifty per cent of allotment. There were two thousand eight hundred subscriptions. Ninety-seven per cent were in cash and the rest payable in twenty days or less. Only twenty-four of two thousand eight hundred subscriptions were less than estimated previously. Polls were jammed all day. All features were present of presidential election day.

RED CROSS NOTES

A contribution of \$50 to the Red Cross from Trinity Guild was announced yesterday. Like other contributions given by organizations, this will not in any way interfere with the subscriptions of individuals. The Guild now has other heavy demands because of the burning of the church but that has not lessened the Red Cross enthusiasm.

Chairman Crabtree announced at the luncheon Tuesday a contribution of \$50 from Urania lodge I. O. O. F. This money was given by unanimous vote of the trustees.

When you want the Red Cross headquarters on the telephone call Red Cross 45-000. This is the number given to the various phones at headquarters and incidentally is a bit of advertising for the campaign, as the number is the amount of minimum subscriptions which the campaign committees hopes to secure.

Prof. Whisler of Illinois college faculty made a strong Red Cross address to the students yesterday and outlined some additional campaign plans for work among the students. Prof. Whisler hopes that the excellent record made in the Y. M. C. A. campaign can be exceeded on the hill.

One of the solicitors yesterday found a colored woman busy with a washing. "Yes, I want to give something to the Red Cross," and hurrying into the house she returned with a silver quarter. "You really ought to give more than that, don't you think?" said the solicitor, "for you know you have several months in which to pay." "Well, if that's the case," replied the woman, "I want to sign a card for \$5" and she did. There is many a subscriber who is not ready with the cash but who is very willing to make a liberal donation just as this woman did, and pay in weekly or monthly installments.

The Jacksonville high school pupils went over the top with a subscription of \$1084. The self-imposed quota for the school was \$1,000.

These are the workers in district 17, fourth ward: Mrs. Jennie K. Stewart, Miss Carrie Mackness, Mrs. J. W. Chipchase, Mrs. Bergschneider, Mrs. E. P. Ball, J. S. Findley, W. F. Widmayer, Ralph I. Dunlap, J. K. Long, C. W. Clavbaugh, J. J. Reeve, C. E. Williamson, T. W. Beadles and Benjamin F. Lane.

SOLDIERS' LETTERS.
Fred DeFrates has received the following from John Carl: Camp Dix, May 16th.

Dear Fred:—
I received your card and was glad to hear from you. I am just getting used to life in camp. I don't know how long I shall stay here. One of the boys who came over with us is going to France today; three of the boys were transferred to another camp yesterday, and nine this morning. I am looking for a duty sometime this week but do not believe I shall leave for France for a while yet. Write me for I like to hear from you. Address me at Y. M. C. A., No. 7, Camp Dix, New Jersey.

GOOD ROADS MEETING IN GREENE COUNTY

Nucleus of Organization to Increase Interest in Road Bond Issue Campaign Formed at Meeting in White Hall Friday—C. A. Ruckel Names as President.

White Hall, Ill., May 21.—Greene and adjoining counties are to be awakened to the importance of carrying the good roads bond proposition at the ensuing state election, and to this end there was formed the nucleus of an organization at White Hall Friday for the purpose of educating the voters on the merits of the \$60,000,000 in bonds that is to be obtained solely from fees from automobile licenses for the purpose of building a chain of permanent roads over the state. There is no question that the bond issue will be carried decisively if the voters are made aware of the fact that none of the money is to be raised by general taxation, but by the growing funds from automobile licenses that ought to be used for the purpose of bringing Illinois out of the mud.

For the purpose of effectively carrying on the agitation and propaganda along the fixed lines destined to give Illinois a proper place in the sisterhood of states in road improvement, a meeting was held in White Hall Friday evening to represent Greene county, at which C. A. Ruckel, the well known stone-ware manufacturer, was named president; R. B. Pearce, secretary, and J. W. Campbell, treasurer. The executive committee consists of the following: Carrollton, W. C. Barnett; White Hall, F. E. Baker; Roodhouse, Henley Cain; Kane, Lester G. Goodwin; Wrights, Louis Rafferty; Patterson, Buel Black; Rockbridge, C. W. Morrow; Rubicon, J. G. Burns; Athensville, V. A. Morrow; Linder, Paul Hardcastle; Walkerville, Frank Hubbard; Bluffdale, Arthur Reiley; Woodville, Horace Hutchens. In addition each township highway commissioner was named as a vice president, and all these officers are expected to enlist interest and a large and representative attendance at a meeting to be held in the court house in Carrollton on Wednesday, June 12th, at 7:30 p. m., for the purpose of further enlarging the scope and influence of the county organization. At this meeting it is desired and expected that representatives from Calhoun, Morgan and Jersey counties will be present to confer on the proposition of merging the work of all four counties under the direction of one organization, as has been done most efficiently already in the northern part of the state. At this meeting plans will be formulated for holding a good roads day by the four counties at some point yet to be designated, at which it may be possible to secure the presence of Governor Harding of Iowa. It is expected that the county superintendent of highways in each of these counties will co-operate earnestly in the campaign.

The temporary chairman of the meeting Friday night was Carson T. Metcalf of Greenfield, and the objects were stated by H. C. Wilhite, also of Greenfield. Their active interest gives weight to the proposition from the fact that Greenfield is not on the map for one of the proposed state roads, and yet these gentlemen feel that the enterprise will be of great benefit to their home town.

Found—A child's black kid top shoe with patent leather toe. It was found in the road a quarter of a mile east of this place. The owner will find same at Southern Texas Land Company, better known as Anderson Bros.

Alfred and Stephen Anderson returned home last week from trip to Texas. They are very much delighted with the Rio Grande Valley in Southern Texas. While there they traded their stock of goods in the Anderson Bros. store here, also their dwelling here, for forty acres of fine land. They report the yield of corn land averages 100 bushels to the acre and two crops are raised in a year. Alfalfa is harvested 10 to 11 times. The potato crop had been dug and marketed when they went there. The Southern Texas Land Co. is in possession of the store and dwelling now. The many friends of the Anderson Brothers deeply regret their leaving our village but wish for them much success in their new business and home.

DESCRIBES LIFE AT FT. LEAVENWORTH

Charles Elsom Kitner, Member of Signal Corps at Ft. Leavenworth, Kans., Writes in Entertaining Way of Camp Activities.

An interesting letter has been received by Mrs. Mary Blunt of this city, written by Charles Elsom Kitner, who is a private in Co. C, 6th field battalion, signal corps, located at Fort Leavenworth, Kans. This fort is described as one of the best in the United States, and is located but a short distance from Leavenworth. The writer says that life there is somewhat monotonous and that the boys are all anxious to go to France and "get this war over with." Young Kitner's letter reads as follows:

Ft. Leavenworth, Kans., May 9, 1918.

Dear Friend:

I received your present, a nice little Bible, some time ago and thank you very much. I am very sure it will go to France with me. I have not been in Jacksonville for over four years. However, I can just about figure where you live. It's pretty close to Uncle Dick Hopper's, also Fred Hopper's place, isn't it?

This is one of the best forts in the United States. We have everything handy. Street cars every 15 minutes and Kansas City street cars every hour. Leavenworth is only a little over a mile from here just a nice walk after supper.

I suppose you would like to have an idea of our drills. Well, we get up at 6 a. m., reveille at 6:15 a. m., breakfast at 6:45 a. m., electrical class at 7:30 a. m., physical drill 9:30 a. m., wig wag and semaphore, 10:30 to noon; eat dinner at 12:30, telegraph class 1:30 to 3 p. m., rest and get ready for battalion drill 3 p. m. to 4 p. m., battalion drill 4 p. m. to 5 p. m., retreat 5:45, supper 6 p. m.

On Wednesdays we go out with full packs, also rations and stay until 5 p. m. We do our own cooking out in the field somewhere, usually hike about 15 miles that day. Saturday is inspection day. We are always thru inspection by 9:30 a. m. and then we are off until Monday at 6 a. m. When we have enough money we go to Kansas City or St. Joseph, Mo. Very seldom we have enough money to take more than one trip a month. All of this work is easy for us, most of us are telegraph operators, so we do not have to do any studying. Our duty at the front is to keep up and operate lines of communication. I imagine copying a message in the first line trenches will be somewhat different from the railway telegraph station. However, none of us seem to worry about the future.

This life gets very tiresome, the same old drills over and over every day. We all want to go to France and get this war over with. This battalion has been organized since last June. I enlisted June 31, 1917. A lot of boys who were drafted have already gone across. This makes us sore to think we have to stay in the U. S. so long. Well, we can't kick. I think we are feeding better and have better quarters than the boys over there have.

My health has been fine, in fact, I never have been sick, altho I thought I would be, as I have not been used to so much outside work. Last winter was a fright. We all hate to see a winter coming, as that is the worst part of the year for a soldier. I got out of three weeks of drilling in March on account of the mumps. I did not have them bad and was not sick at all, had to stay in the hospital just the same. I have a Liberty Bond, or rather the government is taking \$5 from my wages each month until it is paid for, also have \$10,000 government insurance and a \$10 allotment. Most all of us have the above. The insurance costs me \$6.50 every month. Very few privates draw over \$11.40 a month after the deductions are made. However, we manage to get along very nicely. This army life teaches one to be more saving and he thinks several times before spending any money. I have a brother who is in France now. He has been there since May, 1917. Have not heard from him for a long time. I think he is in the first line trenches. Hope to hear from you again and I thank you again for the little Bible.

Your friend,
Pvt. Charles Elsom Kitner,
Co. C, 6th Field Battalion,

Which will You Wear, the Iron Cross or the RED CROSS?

The Iron Cross is the symbol of destruction. The RED CROSS is the symbol of mercy and reconstruction.

WHICH WILL YOU GIVE TO?

If you spend your money on luxuries instead of giving it to the RED CROSS you are a Slacker and deserve the Iron Cross. If you are a PATRIOT you should wear the RED CROSS.

Up and at 'Em. Help Put the Big Drive Over the Top

The question now is: "WHICH ARE YOU GOING TO WEAR?" Don't put it off! Bring your answer in NOW! Put Morgan county "over the top."

Every dollar you give the RED CROSS helps a soldier boy over there. Every dollar you give is a help when help is needed—may mean a soldier's life.

Help make this the speediest and biggest war drive ever put over in Morgan county.

MASON LAND CASE IS ON TRIAL

Partition Proceedings are Being Heard by Jury in Circuit Court

Nephews of W. H. Mason Seek to Show Pre-Nuptial Contract.

In the circuit court Judge Jones and the jury yesterday heard evidence in the partition suit of Albert Dean vs. Charles Dean. This is a proceeding which is heard by a jury on a matter of fact, the bill for partition alleging an ante-nuptial contract between the late W. H. Mason and his wife.

Albert and Charles Dean are nephews of W. H. Mason, deceased, and the purpose of the partition suit is to establish their inheritance to the lands of the deceased, amounting to between 700 and 800 acres located in Scott, Greene and Morgan county. It is the claim that Mr. Mason had a contract with his wife which provided that she should receive the income from \$50,000 during her lifetime and should not have an interest in the property. No such document has been produced in evidence and it is the purpose of the complainants to prove that such a document really existed. The principal witness on behalf of the complainants is Mr. Whitehead, now a resident of Oklahoma, who came here to testify in the trial. He formerly lived in Greene county and was well acquainted with Mr. Mason and the parties to the suit. It is his testimony that such a contract once existed.

In cross examination he was taken thru a long series of questions in the endeavor of the attorneys for the defendants to show that his alleged knowledge of the contract was not of a kind to legally establish it. The complainants were represented by J. G. Priest of this city, T. J. Priest, Winchester, and T. F. Smith of Springfield, and Mrs. Mason's attorneys are Thompson & Thompson and Wilson and Butler. The jurors who heard the case were James Wood, Clarence Preston, Charles Bollyard, F. M. Birdsell, Burley Jones, Harry Luttrell, L. H. Sheeley, E. T. Sample, W. W. Young, Arthur Black, O. T. Hamm and A. D. Arnold.

Peoples Cases.

The following docket entries have been made covering the action of the grand jury with reference to certain people's cases:

Clarence Clark, violating local option law; true bill reported, bail fixed at \$300.

Charles Conrad, charged with selling liquor in anti-saloon territory, ignored by grand jury.

Thomas Hennessy, selling liquor in anti-saloon territory; true bill reported, bond fixed at \$300.

Erie and Mabel Lamb, selling liquor in anti-saloon territory, both cases ignored by the grand jury.

In the case of Gerald Tannehill, charged with jumping bail, bill, the grand jury ignored the charge.

In the cases of Joseph Mosely, Alonzo Mosely, Henry Brown, Phil Grant, Walter Haxton, Kate Haxton and Edward Ratliff, the jury in each case returned indictments and fixed bond in the sum of \$300. In addition to separate indictments against Kate Haxton, Walter Haxton and Edward Ratliff, there was one joint indictment.

The grand jury ignored the case against Louis Fridar, who was also charged with selling liquor in anti-saloon territory.

Chancery Cases.

In the partition proceedings of George W. Brown vs. T. C. Brown, et al., the report of commissioners filed was approved and decree of sale entered.

In the divorce proceedings of Pearl Hailey vs. Paul Hailey the decree was granted on the charge of cruelty.

In the divorce proceedings of Mable Schaefer vs. Adam Schaefer, decree was granted on the ground of drunkenness.

In the suit of Joseph Meggins vs. L. Barkdel, in the proceeding to construe the will, default of all adult defendants was recorded and the case was referred to the master.

In the partition proceedings of John R. Ranson et al vs. Anna Ranson, T. J. Haigrove was appointed guardian ad litem for all the infant defendants.

In the bill of John Gougherty, executor, vs. Mary C. Clerhan, et al., all adult defendants were called and order of default entered against them.

In the foreclosure proceedings of Louis Mastropietro vs. E. H. Johnson, decree for foreclosure and sale was entered.

Camp Dodge, Iowa. May 5, 1918.

Dear Aunt Lulu?

I received your letter and was real glad to hear from you. I enlisted in Chicago March 20th in the Medical Corp. They sent me to Jefferson Barracks, that is near St. Louis. I stayed there almost three weeks. I saw Margaret while I was there.

This camp is seven miles long and two miles wide. The part I am in, the Base hospital, is where they take care of all the sick. There was an awful bunch sick here a while back but not so many now, lots of pneumonia fever. I got a letter from mother the other day and she wanted to know if I had written to you. I am going to write to her tonight. I would like to see you and Joe but there is no chance for quite a while. I don't know how long I will stay here or when I will be sent away.

I was working in the Barber shop here a while, they have got a nice shop and you sure work some. I am on the wards now. I am feeling fine. We certainly have lots of good eats and lots of fruit. Tell Joe to be careful and not work too hard, tell everybody that I know "Hello."

Your nephew, Water Clevenger. Y. M. C. A., Camp Dodge, Iowa, Base Hospital.

RED CROSS MEETING HELD IN VIRGINIA

Big Parade Given Before Program—Prof. H. G. Russell of Beardstown was Principal Speaker—Other News Notes.

Virginia, May 21.—The patriotic meeting held in this city Sunday afternoon in behalf of the Red Cross drive which opened May 20, was somewhat marred by the clouds which grew very threatening at the hour set for the parade, and many people rushed to their homes. The parade was well arranged and consisted of a long line of autos headed by three mounted marshals: Messrs. Frank Finn, O. E. Logue and Roy Bumgardner.

The second feature was a number of autos with mothers of Cass county's soldiers, bearing service flags.

Third: Speakers' car. Fourth: Red Cross float. Fifth: G. A. R. autos. Sixth: I. O. O. F. Saxon lodge No. 68.

Seventh: Masonic lodge. Eighth: M. W. A. Ninth: "Food Will Win the War" float.

Tenth: Boy Scouts, Camp Fire Girls, Junior Red Cross, display of allied flags.

Automobiles of neighboring towns and precincts were in divisions, each with a banner bearing the name of their town, or community. The long line of march was thru the principal streets, disbanding at South Main street.

Prof. H. G. Russell of Beardstown was the principal speaker of the day and remarked the fact that it was his fifth attempt to address the Virginia people each time the inclemency of the weather was noted.

However, during the rush of the crowd no serious accidents occurred. Mrs. Christini Davis was slightly injured by being thrown against the windshield of the car in which she was riding, striking her face and bruising her somewhat.

Gregory DeFrates Gregory DeFrates passed away at the family home on North Main street Sunday evening at 5:30. He had been a sufferer from cancer for several months and his death was not unexpected.

Mr. DeFrates was born on the Island of Madeira about 79 years ago, coming to this country in early boyhood. He was a soldier in the Civil war. At the close of the war he located on a farm in the Sugar Grove neighborhood where he resided until four years ago when he and his wife removed to this city.

Mr. DeFrates is survived by his wife and four sons, James and Wesley of near this city, David of Wisner, Neb., and William of Kansas City, Mo. One son, Charles (deceased), and one daughter, Mrs. Phoebe Shaffer of Philadelphia, and two stepsons, Jesse and Curtis McNeely of this city and one step-daughter, Mrs. John Bumgardner, also of this city.

Deceased was a member of the Downing Post, G. A. R., and a

member of the First Presbyterian church. Funeral services were held at that church this afternoon at 2 o'clock, the Rev. Max B. Wiles, officiating. Burial was in Walnut Ridge cemetery.

News Notes.

He Removed the Danger Signal

Frank W. Sherman, Laconia, N. Y., writes: "I suffered with kidney trouble, had a tired feeling in my back, did not have any ambition and felt all tired out. I used Foley Kidney Pills, and in a few days began to feel better, and now I have entirely recovered and have had no return of my painful symptoms."

One cannot help becoming nervous and feeling tired and worn out when the kidneys fail to filter and throw out of the system poisonous waste matter that causes kidney troubles and bladder ailments.

Backache is one of Nature's danger signals that the kidneys are clogged up and inactive. It is often followed by rheumatism, annoying bladder or urinary disorders, puffy swellings under the eyes, swollen ankles and painful joints.

Foley Kidney Pills get right at the source of trouble. They invigorate the kidneys to healthy action and when the kidneys properly perform their functions the poisonous waste matter is eliminated from the system. J. A. Obermeyer & Son.

LYNNVILLE

Rev. Mr. Simons of Concord occupied the pulpit in the M. E. church last Sunday morning.

Mother's Day was observed at the Christian church last Sunday morning. The sermon was preached by the pastor, Rev. L. R. Cronkrite.

Dr. Fletcher was called to our village Tuesday to see Mr. Potter who is very sick.

Hilton Middleton, well known resident of the county for more than half a century died at his home southeast of Lynnville at 5:30 o'clock Saturday morning.

Funeral services were held at Point church Monday afternoon at 2 o'clock in charge of the Rev. J. O. Kirkpatrick.

Several from here attended funeral. Mrs. May Moore returned her home Sunday after a visit with her brother David Tucker north of Markham.

Mrs. Joe Barnhart who has been on the sick list for several days is improving.

Mrs. Carl May was a visitor in Jacksonville Monday.

BROOKLYN SHUTS OUT CHICAGO NATIONALS

Loose Base Running By Cubs and Superb Hurling By Coombs Enables Visitors to Win By 1 to 0 Score—Other National League Results.

Chicago, May 21.—Jack Coombs great pitching, poor base running by Chicago and Krueger's double and Coombs' single enabled Brooklyn to shut out the locals 1 to 0 today, thereby making it two straight. Chicago lost its first chance to score when Deal left third base before Killifer's fly was caught and was doubled. The other chance came in the ninth when Mann was nipped off second.

AILMENTS OF WOMEN

There is no denying the fact that thousands of American women drag along day in and day out suffering with these ailments peculiar to their sex which make life a burden. If women who suffer from dragging-down pains, inflammatory, ulcerated or catarrhal conditions would only give that greatest of all remedies, Lydia E. Pinkham's Vegetable Compound a trial, they would readily find relief from such suffering, as the many letters of commendation constantly being published prove—adv.

have at present writing.

Kenneth Funk expects to leave this week for St. Louis where he will enlist as a sailor or musician.

Halpin Denton expects to leave for the training camp next week.

Russel Bishop, wife and daughter Ruby motored to Jacksonville last Saturday and to Carrollton Sunday.

An Introduction is Not Necessary

The AVERY Cultivator has made more friends in this territory than any other on the market and every user is a booster, which alone tells the tale.

The real work in using a cultivator is in handling the gangs. This makes it a most important feature to have a lift spring and application right. On the Avery this has been done. The lift spring is double-acting. The ordinary lift spring loses its tension as the gangs are raised. But, with the Avery the pull or tension increases as the gangs are raised and, therefore, does the lifting all the time.

The balance lever provides a perfect balance. The depth regulating lever device is a winner, allowing the operator to change the depth to suit, quickly and as desired with practically no effort. For the convenience of the operator we have a cushion spring which allows considerable adjustment by using the foot pressure when desired. The wheels have dust-proof boxings, long distance, self-oiling axles and are made in our own factory.

This tool is built for extra long service, and to give more and better satisfaction than any other make. We have a stock on hand now to supply all prospective customers and can assure them a price that will make them money. A price that cannot be duplicated by the regular retail dealer as he does not buy and sell at wholesale. This information is something that will benefit you if you see us.

If you intend to use your old cultivator, look well to the shovels. If you are in need we can furnish you new shovels for your cultivator in sets to fit any make.

We are just unloading our third car of Avery Cultivators, and are advising you in time of another increase in price. June 1st Avery Cultivators will cost you \$4.00 more than they do now. Buy before June 1st and save this advance. This is the last car that we can obtain this year as the factory is out.

JOHN McDONOUGH
PHILANTHROPIST

The following interesting and romantic sketch of the life of an eccentric philanthropist, whose life began in 1779 and ended in 1850, and whose good deeds are still cherished by the many who came under the beneficence of his acts, was prepared by Capt. F. C. Taylor.

GAVE HER DELICATE
CHILD VINOL

It Built Him Up and Made Him Strong

Newaygo, Mich.—"My little boy was in a delicate, weak, emaciated condition and had a cough so we had to keep him out of school for a year. Nothing seemed to help him until Vinol was recommended, and the change it made in him was remarkable. It has built him up and made him strong so his cough is almost entirely gone. We can not recommend Vinol too highly."—Mrs. E. N. Hanlon.

Mothers of weak, delicate, ailing children are asked to try this famous cod liver and iron tonic on our guarantee. Children love to take it. For sale by all druggists.

Across the Seas They Call.

Across the seas from every war-torn nation in the Allied cause there comes the call for Red Cross help.

It comes from soldiers who have grimly faced the gleaming bayonet steel and poison gas and screaming shells, and who now lie with parching throats and throbbing wounds.

It comes from soldiers sick with fever, pneumonia, tuberculosis.

It comes from soldiers crippled, mutilated, blinded, who can no longer fight and must be taught and trained for useful occupations.

It comes from the underfed, shivering, helpless prisoners in the German prison camps.

It comes from little children, orphaned, homeless, slowly starving day by day, by tens and tens of thousands.

It comes from mothers in the pillaged zones of war whose hearts and souls have been made numb with horror.

From all these millions of suffering human beings there comes across the seas the call for help—help that because of the frightful burdens placed upon our Allies cannot be given unless it be provided by the American Red Cross.

Another hundred million is needed to "carry on."

What will America's answer be?

city. The next day he reported to his consignees, and ere the ship had reached port, he had disposed of the larger part of his cargo. Renting a store, he stored the remainder of the cargo which he disposed of in a very short time. From this time he was entrusted with similar trips and in 1804 he was given an interest in a venture in which he met with far greater success. It was at this time he determined to make New Orleans his future home. He soon became intimately acquainted with the city government officers, merchants and citizens generally, entering into contracts with the Spanish officials to furnish goods for all that part of the country east of the Mississippi and Florida giving general satisfaction to all.

After the treaty of Cession, a fellow clerk and intimate friend, Shepherd Brown, arrived from Baltimore, and aided by their former employers they formed a co-partnership and did an extensive business as John McDonough Jr. & Co. Brown died after the battle of New Orleans, Jan. 8th, 1815, and McDonough settled up the affairs of the firm and carried on the business in his own name.

In 1814 there resided in New Orleans a Mr. Johnson and family from Maryland. A daughter, Miss Johnson, just then entering into womanhood, was beautiful, intellectual and witty and to her McDonough paid his addresses, and was in time accepted by her, but the father's consent was to be had. McDonough made the "demande en mariage" in due form and according to etiquette. The Johnson family were strict Roman Catholics, and McDonough a Protestant. Miss Johnson made no objections to McDonough on the score of religion. Not so the father, who while acknowledging the honor done his daughter refused his consent unless McDonough would join the Catholic church. McDonough declined doing this, stating that as no objections were made by the daughter he would wait some time when, perhaps, Mr. Johnson might change his views. Miss Johnson was satisfied with this, hoping also, that her father would relent.

New Orleans was invaded. McDonough joined Capt. Beale's company of rifles and was in the battle on Jan. 8th, 1815. After pro-

clamation of peace McDonough again renewed his application to the father, with the same result. Miss Johnson then announced that if she were not McDonough's wife she would become a nun, and some time after she took the veil in the Ursuline church on Ursuline street.

Nearly thirty-five years after Miss Johnson became the head of one of the religious institutions she had joined. McDonough learning of this and knowing that her position permitted her to receive visitors, respectfully requested permission to pay his respects to her, simply as an old friend. She assented, and McDonough paid the visit, which was most interesting to both, although no allusion was made to the love of former days. And annually, up to the time of his death in 1850, McDonough, between the 1st and 6th of January would make his "visit de bonne annee" the New Year's call. After the death of McDonough there was found in his armor (cabinet) carefully preserved a memento of Miss Johnson in the shape of a pair of beautiful gold embroidered slippers.

From 1819 to 1850 McDonough was never idle; early and late he was at work. His business called him daily to the city. He had his rents to collect, his notes to pay. He attended auction sales, and bought real estate, and to attend to this business he would cross the Mississippi in a skiff manned by one of his slaves. Prior to 1835 there were no steam ferries plying between New Orleans and the opposite side. No weather, however threatening or tempestuous, would prevent him from crossing in his skiff, to fulfill any engagement which he had made. He was always punctual to the hour and minute.

McDonough corresponded with many of the eminent men of the day, among them Henry Clay, Daniel Webster, John M. Clayton, Wm. M. Meredith, Judges Story and McLean, and many others, besides corresponding with various departments, both of the United States and the State, in regard to land and other claims in which he was interested. He frequently wrote articles upon the important questions of the day, which were published in local newspapers and

republished throughout the country.

Across the river from New Orleans is a little town formerly known as Algiers, but now incorporated as a part of the city of New Orleans, and is known as the Fifth District. Adjoining the upper line of the district is McDonoughville, or as it is now known, Goulsboro. Near the line of Jefferson Parish, or as called in other states, Jefferson county—stands the historical building which was the residence of John McDonough and in which were accumulated and saved millions of dollars by that eccentric, but large hearted miser, whose will proved him to have been a man of wide philanthropic views which he left for others to execute after his death.

It was in this antiquated building, on the 29th of December, 1833, that the famous will of McDonough was written. The meaning of the will was so vague that all the lawyers and courts of Louisiana failed to understand it and it was sent to the "Cour de Cassation"—Court of Appeals in Paris, France, to be interpreted. Famous French jurists wrestled with it, and finally made a report to the court. The funds were eventually divided between the cities of New Orleans and Baltimore, and the manner in which the interest on the money was administered can now be seen in the half-score of magnificent school houses built with the McDonough fund.

A short distance from the mansion in a field near the Morgan railroad track, is an empty sarcophagus where for a time rested the remains of this philanthropist John McDonough. It is built of marble and in a good state of preservation, although brown with age. The remains were some years ago removed to Baltimore, and his tomb in that city is annually decorated by the school children in grateful remembrance for the benefits derived from the wealth he bequeathed to educational purposes. The inscription on the tomb proclaims the character of the man. On the east front appears the following:

Sacred to the Memory of
John McDonough,
Born in Baltimore,

State of Maryland,
December the 29th, 1779
Died in the Town of
McDonough, State of Louisiana
Oct. the 26th, 1850.

"Written by Himself"
"Here lies the body of John McDonough, of the City of New Orleans, in the State of Louisiana, one of the United States of America; the son of John and Elizabeth McDonough of Baltimore, in the State of Maryland, also one of the United States of America; awaiting, in firm and full faith, the coming of his glorious Lord, Redeemer and Master to Judge the World."

Inscription on north side:
Rules for My Guidance in
Life, 1804.

"Remember always that labor is one of the conditions of our existence.

"Time is gold, throw not one minute away, but place each one to account.

"Do unto all men as you would be done by.

"Never put off till tomorrow what you can do today.

"Never bid another do what you can do yourself.

"Never covet what is not your own.

"Never think any matter so trivial as not to deserve notice.

"Never give out that which does not first come in.

"Never spend but to produce.

"Let the greatest order regulate the transactions of your life.

"Study in your course of life to do the greatest possible amount of good."—McDonough.

Inscription on south side:
"Deprive yourself of nothing necessary to your comfort, but live in an honorable simplicity and frugality.

"Labor then to the last moment of your existence.

"Pursue strictly the above rules, and the Divine blessing and riches of every kind will flow upon you to your heart's content; but first of all, remember, that the chief and great study of your life should be to tend, by all the means in our power, to the honor and glory of our Divine Creator."—John McDonough.

"The conclusion at which I have arrived, is that without temperance there is no health; without virtue, no order; without religion, no happiness; and that the sum of our being is, to live wisely, soberly and religiously."

Farmers are busy planting corn again after the rain. Carl Woodall of Winchester visited James Sherry Tuesday, making the trip in his Ford. James Sherry has his new Studebaker car.

John Drake and wife spent Sunday with Dan Smith and family.

Alfred Brockhouse and wife and Margaret and Arthur Eagon spent Wednesday of last week at the home of H. O. Smith.

Mary DeGroot visited her sister, Mrs. Robert Sentney last week.

Mrs. J. N. Taylor is visiting her daughter, Mrs. Albert Neppole who is at present living at Louisville, Ky.

Mrs. T. H. Stone attended the convention of the Christian church in Jacksonville last week.

A SINGULAR COINCIDENCE.

Sunday three train loads of soldiers passed thru the city on the Wabash and while side tracked near the station one of the soldiers called to a little girl living in a home not far from the track and asked her to come to the side of the car which she did. "What is your name?" asked the man in khaki.

"Margaret L. Capps," was the reply.

"Well, you are just the person I would like to have mail a letter, I have written."

And the soldier handed the little one a letter directed to Mrs. Kitten Capps, Oakland, California. The child was the daughter of Herbert Capps but he knows of no relatives in Oakland; only a singular coincidence.

WILL PREACH FUNERAL.

Rev. H. H. DeWitt, pastor of Second Baptist church will go to Jerseyville this morning where he will preach the funeral of Mrs. Katie King Spurrier, sister of

John W. King of this city. Mr. Spurrier died at a local hospital Monday.

C. M. Turley traveled from Chicago to the city yesterday.
